PACKAGE UPGRADE / FABRIC BANNER

FORM 1C

A FEW POINTERS ON THE FABRIC BANNER

The Fabric Banner is one of the best options to choose from, when considering graphics on your stand. Here are a few reasons why...

- The fabric banner is seam-less (basically it does not have the aluminum poles in between the image) - This ensures that the image you want to appear on the stand is continuous and beautiful!
- The fabric banner is installed in our systems with the use of fabric extrusions.
- **Once the banner has been ordered through us and has been paid for, the fabric banner is entirely yours!**
- There is no need to stress about installing the banner yourselves - we take care of this before you even arrive at the stand.
- There is also no need to worry about removing it once the show has concluded, we do the “behind the scenes” work for you! Once the banner has been removed, you can take it along with you and re-use it at other shows you might be exhibiting at.
- The size of the fabric banner would depend on the size of the stand you have booked. We would need to be notified on the size you would like on the stand.
